

# New provider locations

## House with No Steps

### Regional and Rural Victorian Councils

House With No Steps (HWNS) was an active campaigner for the NDIS and one of the first providers to transition to the scheme in 2013. HWNS has a strong history of delivering high-quality services, based on person-centred outcomes and continuous improvement. Following this transfer, HWNS will deliver services in Moreland, Darebin and Whittlesea, and regional Victoria.

### Greater Melbourne Councils
